## HUMMER

## JUNE 2001

### MANAGER'S CORNER

Just a short note to welcome you all back for the summer! We have had a very cold winter going as low as minus 29 degrees. We had a few members come for the weekends, and had a great New Years Eve party. Some members came back in January to do some skiing - boy did they have fun! We had a lot of people from Arizona and Texas come from 103-degree weather to 4 feet of snow in May here at CORA!

We tried to keep busy this winter painting and installing a handicap shower. Roy Bahr left a list of 30 something to do so we couldn't be bored, although we finished most of these items Paul and I found many other things to fix.

Hope to have a great summer filled with fun activities, lots of campfire sing-alongs, and some moonlight swims. So pack your car and join in the fun!

Paul & Debbie Gentry

### FROM THE BOARD

We are working on the shop policy. It will be posted as soon as it is finalized.

Please check the new overflow/storage area policy which is posted on the bulletin board and included in the minutes for the June 2, 2001 Board Meeting.

There will be four vacancies on the Board in September. Please fill out and return the enclosed Nominee Petition if you are interested in being a Board Member for two years. These forms are due by July 15, 2001.

## PRESIDENT'S CORNER

Dear CORA Members,

New electric meters have been installed at all DSP, RGS and CS sites. The new meters are digital and can be more easily read by our owners and managers alike. Many of the old meters had faded numbers, which made them very difficult to read. Even though some the old meters still functioned, the old meter were over twenty years old and needed to be replaced. By ordering meters for all the sites, the campground received a price break. The at-cost savings were passed on to CORA owners.

Pleased be advised that in order to save time and money for the campground, receipts for dues, electric bills or any other CORA billings will not be sent out by Business Control Systems. Your cancelled check will continue to serve as your receipt as it has in the past.

We are awaiting word on when American Tower plans to begin construction. Their representative, Joel Hendricks, tells us we should see the tower completed before summer ends.

So far this year Ellie and I have not had an opportunity to visit the campground due to health problems that have kept us close to doctors here in Texas. We are hopeful that all will go well and we plan on being able to come up later this summer. We certainly miss our site among aspen and pine trees, but more importantly, we miss our good friends and the camaraderie we have enjoyed at CORA.

Sincerely, Larry Payne
